

AERC Recycling Solutions Residential Drop-Off Friday Program

AERC has a nationwide Drop-Off Friday Program for individuals and small business owners with less than 50 employees at all of its R2/RIOS™ Certified Electronics Recycler facilities. Electronic Waste can be dropped off at any of our facilities.

Due to regulations, Universal Waste such as lamps, batteries, ballasts, and mercury-containing devices are only accepted at some AERC facilities. Please go to www.aerc.com/locations or call (866) 447-5177 for more information.

Drop-off rate schedules vary by state and are as follows:

California, Florida, Pennsylvania, & Virginia: 2nd Friday of each month: 9:00am – 3:00pm (local standard time)

New Jersey: *No longer accepting drop-off items.*

AERC guarantees that any accepted Electronic Waste will be processed into clean commodity streams to reinforce our **Zero-Waste-to-Landfill Policy**. Any information, on any data storage device accepted, will be destroyed. Each of AERC's Electronics Processing facilities has the industry designation of being an R2 / RIOS™ Certified Electronics Recycler® facility and has been independently certified to these industry designations.

None of AERC's facilities accept disassembled CRTs or Televisions. All CRTs and Televisions must be intact. AERC may reject any equipment that is not acceptable, as per facility Standard Operation Procedures.
